

**Summary of Department of Environmental Quality (DEQ) Actions
In Response to the
EPA Emergency Administrative Order
Updated: January 30, 2016**

Chapter 54a: Existing inventory of homes with lead service lines in Excel or similar format

EPA Order Due Date: 01/31/2016

The following is based upon historical parcel documentation provided to the Department of Environmental Quality by the City of Flint and Genesee County and does not reflect "as built" construction plans or field verified conditions.

- 56,254 Parcel Records in the database in the City of Flint.
- 29,211 were done previously to the DNR taking on this project. (52%)
- 27,043 parcels tasked to the DNR to get information. (48%)
- As of 3:00pm on Thursday January 28th, 2016, DNR had completed all 27,043 records, along with an additional 130 parcels lying outside the Corporate City Limits of Flint.

- 5,282 parcels showing lead service lines
- 25,302 parcels showing other types of service lines
- 25,800 parcels having an unknown type of service lines
